

Beanie Sigel, Before The Solution

(Intro: Beanie Sigel)

Yeah...

I represent loyalty

I am loyalty

I am the definition of loyalty

I represent the G's

Beanie Sigel

We The Best

(Verse 1: Beanie Sigel)

All the bullshit stops here (Here)

Let's get this clear (Yeah)

Shoot rear, fresh off the top tear (Unhh)

What I'ma 'bout to do for you, is not fair

I'm not answerin' questions for you, dat are not clear

Whuddup with State Prop. the crew, when they not there?

The moment dat they heard it the verdict, when it wasn't clear

Ya boi had the city, yeah did they really disappear?

Jay really not visit there? Dame and Beans are they tight as it seems

Or is it all fabricated from dat same fabric

Now rip the rock marriage straight from seams

Thing's ain't what it seems but at time do tell, the truth shall prevail

Until then, you dudes bite yall nails in anticipation (F**k)

Before The Solution Lyrics on

I know you hate it why I got chu waitin? (Shiiit..) - I too, am waitin'

Gotta see a couple faces, when I make 'em face it

Truth dat is dat ya boy have patience (Yes!)

As a matter a fact, it's wearin' thin

But I tell you this tho, when the New Year begins

Pussies who got nuts 'cause I'm goin' all in

(Chorus: Pooh Bear)

Can you hear me (Ayyy), came for attention (Ayyy)

But it ain't good if you don't wait (Ooooh)

It ain't good if you don't wait (Ooooh)

I'm applyin' every (?) in my {??} stays the same

It ain't good if you dont wait (Ooooh)

It ain't good if you dont wait (Ooooh)

Nah-uhhh..

(Verse 2: Beanie Sigel)

Now let's not get this misconstrued

To say dat diss record - I don't diss my dudes!

Outta respect I couldn't check my once fist tight crew

Never in front of you I couldn't get dat rude

lonn give a f**k but I couldn't get dat crew

cause knowin what i do i can get like (Khh) ouu

You wanna know what I do, don't cha?

You'd love it if I told you lil' f**kers, won't cha?

Uh-unh, scrap gotta pay for this one

Sorry youngin', got to wait on this one (Yes)

The Solution, soon in stores

Date to be posted, until then - I'm on pause

(Verse 3: Beanie Sigel)

Well f**k it I don't wanna stop

Whatchu forgot the gun'll pop

Tell me who ya wanna rock
This true love, Roc-a-Fella 'till I die
Nigga keep it movin', don't get caught up in this drive-by
The break's over, ya boi 'bout to take over
If dat number one spot opens, give it here (Here)
Get my crown, dust of my chair
And yall niggas can kiss my ass before I sittid there
Back from the dead (Unhh) fresh off the prison tier
Daddy here to put the kids to bed (Get it clear!)
By the way, the wars on - you can't call it off
It's too late once the boss involved
Here I come!!

(Chorus)
