

# Beat Crusaders, Day after day

Laughing, stranding, standing,  
Cos our life is just a trampoline  
Got no sunshine rise on a despair  
Laughing, stranding, standing,  
Cos our life is like a submarine  
Even sunshine reach into deep ends

\*\*Got to see

Got to feel inside Im all alone  
And standing in the storm

\*\*\*Day after day

The ghosts watching you

Day after day

Souls that you lose

Day after day

The ghosts watching you

Day after day
