

# Beat Crusaders, Tonight, Tonight, Tonight

Woke up with yawn. It's dawning, I'm still alive  
Turned on my radio to start up new day  
As goddamned DJ's chattered how to survive  
Amazing news got over on the air wave

Tonight, Love is rationed  
Tonight, Across the nation  
Tonight, Love infects worldwide  
Almost another day

Almost another day...  
Almost another day

She's a shooting star, good night, good night  
She's a shooting star, good bye

Tonight, Love is rationed  
Tonight, Across the nation  
Tonight, Love infects worldwide  
Almost another day  
See you some other day
