

Beat Happening, Collide

Collide collide collide
Rub your nose
Collide collide collide
Take off your clothes
Collide collide collide
You're lyin' there
Collide collide collide
Messy hair, alright
Collide collide collide

Collide collide collide
Collide collide collide
Collide
Collide

You got a brand new heart
Gonna tear the world apart
Shoot a glance too fast to see
You earthquake all over me

Collide collide collide
Collide collide collide
Collide
Collide

Collide collide collide
Scar hot
Collide collide collide
Polka dot
Collide collide collide
Lancelot
Collide collide collide

Collide collide collide
Collide collide collide
Collide
Collide

Collide collide collide
Collide collide collide
Collide
Collide
