Beat Happening, Hey Day

Golden hills you climb high At the top of the (rim high?) (Skip?) jack got a lucky hand Livin on the fat of the land To road travel school No golden rule No golden rule

I'll wait for you
No more in trade
I'll wait for you
The (pope?) you're paid
I like your style
(Goes for?) charm
I like your hope
To go with my alarm
To go with my alarm

But I'm not (damned?)
In the fat of the land
With the lucky hand
I (told?) you
But you were forever (lasered?)
I (told?) you

(Free?) golden day Beyond the stray Hey day hey day Hey day now

Hey day
