

Beat Union, Disconnected

Maybe I'm just out of place in the modern world
Don't wanna go to their My Space, I wanna talk to girls
Now I'm letting go
Cause I'm getting so
Disconnected
Disconnected
So call me old or jaded
Cause I'm so disconnected
Maybe I don't agree with the world today
I'm feeling oh so analogue in a digital age
I tune to my favourite show
Alienation radio.
Disconnected
Disconnected
So call me old or jaded
Cause I'm so disconnected

Don't take away the essence
And what's important in everything
You live your life online
I'll pull the plug and live mine
So disconnected
Disconnected
So call me old or jaded
Cause I'm so disconnected
Disconnected
Disconnected
So call me old or jaded
Cause I'm so disconnected
Cause I'm so disconnected x2
