

Beatallica, A Garage Dayz Nite

It's a garage dayz nite
And I've been working like a dog
It's a garage dayz nite
Don't you be sleeping like a log
Cuz when I'm playing for you
You'll find the things that I do
Will make you feel alright
You know I play all day
I play the metal that makes your ears ring
And it kicks ass just to hear you say
You don't want Love at First Sting
Cuz when I see you it's nice
To play you Trapped Under Ice
You know I feel OK
On the road everything seems to be right
Wherever I may roam the road becomes my bride
