

Beatallica, Leper Madonna

Leper Madonna-spineless from the start
Like a Virgin comez to town, you're sucked into the part
Living by your story, spreading your disease
Suffah for your glory, falling to your kneez

Friday nite-a brazier in your suitcase
Like a Prayer-death creeping like a nun
Monday-blind devotion came with black lace
Seeee O-ri-on

Leper Madonna-Jaymz iz at your breast
He don't give a fuck-a how you feed the rest

Leper Madonna-Jaymz iz in your bed
Listen to Beatallica raging in your head

Tuesday-you are taken by the glamour
Wednesday-see the sheep are set to come
Thursday-you're a stinking drunk with power
Seeee O-ri-on

Leper Madonna-Heaven you will meet
Make a contribution, get a bettah seat
