

Beatles, No One Wants Me

they say that everyone, wants someone
i know no one wants me.
they say that everone, needs someone.
i know no one needs me.
if your wonderin' who the lonliest creatures in the world can be...
theres the ugly duckling, the little black sheep and me. uh huh.
they say that everyone, wants someone
how come no one wants me.
they say that everone, needs someone.
how come no one needs me.
if your wonderin' who the lonliest creature in the world can be...
theres the ugly duckling, the little black sheep and me. uh huh.
they say that everyone, wants someone
i know no one wants me. i know no one wants me. i know no one wants me.
