Beatles  
Anthology  
You Know What To Do(harrison)  
When i see you  
I just don't know what to say.  
I like to be with you  
Every hour of the day.  
So if you want me  
Just like i need you,  
You know what to do.

I watched you walking by  
And you looked alone.  
I hope that you won't mind  
If i walk you home.  
And if you want me  
Just like i need you,  
You know what to do.

Just call on me  
When you're lonely.  
I'll keep my love  
For you only.  
I'll call on you  
If i'm lonely too.  
Understand i'll stay  
With you every day.  
Make you love me more  
In every way.  
So if you want me  
Just like i want you.  
You know what to do.

Just call on me  
When you're lonely.  
I'll keep my love  
For you only.  
I'll call on you  
If i'm lonely too.  
Understand i'll stay  
With you every day.  
Make you love me more  
In every way.  
So if you want me  
Just like i want you.  
You know what to do
