

# Beatsteaks, Die Roys Pretty Fucked Up

She's got a man on the side  
Ya she's with him today  
And i probably won't die  
But it sure feels that way  
And i used to be strong  
I used to be tough  
And she used to be pretty  
But now she's just pretty fucked up  
Ah pretty fucked up...ya pretty fucked up now  
Ah she used to be pretty  
But now she's just pretty fucked up  
Now i know people change  
And sometimes that's good  
But some people don't  
When maybe they should  
But right now that don't help me  
I might just throw up  
Cuz it sure does feel shitty  
When things get pretty fucked up  
Ah pretty fucked up...pretty fucked up now  
Ah she used to be pretty  
But now she's just pretty fucked up  
Now a long time ago  
I made her feel this way  
And i begged her forgiveness  
Ya i begged her to stay  
And she said that she loved me  
It made me feel good  
Oh it made me feel giddy  
But now i feel pretty fucked up  
Pretty fucked up...pretty fucked up now  
Ah she used to be pretty  
But now she's just pretty fucked up
