

Beautiful Creatures, Blacklist

Like a star, I always fall
Catch me every night
Over waters and over skies
I will always shine
Yes, I'll always shine

Yeah, I could never change
Yeah, I could never change

We are, we are, we are, we are the blacklist
Check yourself to the back of the line
We are, we are, we are, we are the blacklist
Check yourself, 'cos we're doing just fine

If today will never be
And tomorrow never comes
We remember yesterday
And will I be the one?
Yes, I'll be the one

Yeah, I could never change
Yeah, I could never change

We are, we are, we are, we are the blacklist
Check yourself to the back of the line
We are, we are, we are, we are the blacklist
Check yourself, 'cos we're doing just fine

We are, we are, we are, we are the blacklist
Check yourself to the back of the line
We are, we are, we are, we are the blacklist
Check yourself, 'cos we're doing just fine

Check yourself and do your time
And check yourself to the back of the line
And go, go, go, go, yeah

Check yourself and do your time
And check yourself to the back of the line
And go, go, go, go, yeah

We are, we are, we are, we are the blacklist (4x)
