

# Beautiful Creatures, Step Back

Crack back,  
Dog's tail,  
House rules,  
Rusted nails.

Bare foot,  
Cold flaw,  
Black bricks,  
Lock the door.

Hey, hey  
When you call my name  
I can feel the chills and the shivers, up and down my spine  
Hey, hey  
Now my bed's been made  
I can feel the world as it goes crumbling through my hand..

Step back,  
You don't know me  
Step back,  
You don't own me  
Step Back,  
You dont make a difference  
Step the hell away

Step back,  
You don't know me  
Step back,  
You don't own me  
Step Back,  
You dont make a difference  
Step the hell away

Purple Heart on  
Your Sunday's best  
Black and blue  
Across my chest

Dirty things  
On your fingertips  
Damn the day  
He watched you slip

Hey, hey  
When you call my name  
I can feel the chills and the shivers, up and down my spine  
Hey, hey  
Now my bed's been made  
I can feel the world as it goes crumbling through my hand..

Step back,  
You don't know me  
Step back,  
You don't own me  
Step Back,  
You dont make a difference  
Step the hell away

Step back,  
You don't know me  
Step back,  
'Cos you don't own me  
Step Back,  
You dont make a difference

Step the hell away

(If you see my face, it wouldn't make a difference)

You don't know me, You don't own me  
You don't know me, no  
You don't know me, You don't own me  
You don't know me, no

Step the hell away..

Step back,  
You don't know me  
Step back,  
You don't own me  
Step Back,  
You dont make a difference  
Step the hell away

Step back,  
You don't know me  
Step back,  
'Cos you don't own me  
Step Back,  
You dont make a difference  
Step the hell away, now
