

# Beautiful Creatures, Wasted

Taking my time, taking my time  
Do you feel like I feel when your all alone  
Taking my time, taking my time  
You know how it feels 'cause your on your own  
Broke down wasted  
Talking to you, you don't give a damn  
Broke down face it  
Talking to you, why don't you understand  
I've been waiting so long  
I've made up my mind, all of this time  
Wasted  
I've been waiting so long  
I've made up my mind, all of this time  
Just wasted  
Yeah  
Yeah  
Taking my time, taking my time  
you know I gave it all and you wanted more  
Taking my time, taking my time  
you know You took it all and you left me torn  
Broke down faded, my minds slippin down in sin  
Broke down jaded, ain't no saint inside this skin  
I've been waiting so long  
I've made up my mind, all of this time  
Wasted  
I've been waiting so long  
I've made up my mind  
No more wasting time  
Take a shot you could never never hurt me  
Take a shot you could never never get me  
Take a shot you could never never hurt me  
Take a shot  
I've been waiting so long  
I've made up my mind, all of this time  
Wasted  
I've been waiting so long  
I've made up my mind, all of this time  
Wasted  
Just wasted  
I've been waiting so long  
I've made up my mind, all of this time  
Wasted  
I've been waiting so long  
I've made up my mind, all of this time  
Just Wasted  
Ain't no saint saint inside this skin  
Tounge tied and twisted  
I've givin' in
