

Beautiful Risk, Phobia

Why do I feel so lost, so betrayed
When I don't even know you anymore
And I don't even love you
Without you I feel I'm alive
I feel I'm alive
Got me crazy
But just feeling existed of insane
Bleed a way on my cour
Like you're glad you're holdin' me
This feeling you can't ignore
This feeling I can't ignore
So sick
This power you have over me
But all aware
All too blind to see
We will all wake up
Wake up from this pare
You put it on me
You put it on me
Got me crazy
But just feeling existed of insane
Bleed a way on my cour
Like you're glad you're holdin' me
This feeling you can't ignore
This feeling I can't ignore
Wait a while
Have you sholdden me?
About to lose this mind
Can no long to find
This love this love you speak up
It's so distance so far away from me
So far away from me....
Got me crazy
But just feeling existed of insane
Bleed a way on my cour
Like you're glad you're holdin' me
This feeling you can't ignore
This feeling I can't ignore
Got me crazy
But just feeling existed of insane
Bleed a way on my cour
Like you're glad you're holdin' me
This feeling you can't ignore
This feeling I can't ignore...
