

# Beaver Brown Band, Boardwalk Angel

Beaver Brown Band

Eddie And The Cruisers Part 1

Boardwalk Angel

Little girl, tonight baby don't be blue

Dig those pretty lights along the avenue

You're out there on your own,

Spending all your time alone

So come on girl, tonight I want to be with you

The world has let you down and it broke your heart

But tonight's the night for a brand new start

We'll leave the world behind

We'll go walking on down the line

Come on girl, let's make our dream come true

Meet me out on the boardwalk tonight

Meet me down by the sea

We can dance in the carnival lights

On the shores of Jersey

We'll fall in love on a carousel

Little boardwalk angel

Boardwalk angel, boardwalk angel

Boardwalk angel

I want you to stay by me

You're my boardwalk angel
