

# Bebe & Cece Winans, Supposed to Be

Lend me your ear, hear every word I say  
And it could change things forever  
To the way things are supposed to be  
Give me your time, your time is all I need  
Time just to make things better  
To the way things are supposed to be  
Oh, love is the motive behind all I do  
And love is the cause I gave my all for You  
So give me Your hand and I will lead the way  
And we will pull through no matter  
That's the way love is supposed to be  
That's the way it's supposed to be  
That's the way love is supposed to be

I know all the words He said are, oh, so true  
And for and His love stepped in one day and found me too  
I gave Him my heart and in return I live  
And one day we'll live forever  
It's the way it was supposed to be  
That's the way it's supposed to be  
Forever and ever  
That's the way it's supposed to be  
Forever and ever  
That's the way it's supposed to be  
Forever and ever
