

Bebe Rexha, Chase It (Mmm Da Da Da)

I've been on a ride babe
Living on the side waves
Living on a wave that I can't describe
I do things my way
Or take the highway
But my heart it never missed a beat

And you say you're one of a kind
So come on and blow my mind
I've been waiting all this time
So don't let me down

Chase it
I'll never chase it
I won't leave alone tonight
Chase it
Cuz I'll never chase it
I won't leave alone tonight

Hm dadada dadada
Hm hm dadada dadada
Hm hm dadada dadada
Hm hm dadada
I won't leave alone tonight

Hm dadada dadada
Hm hm dadada dadada
Hm hm dadada dadada
Hm hm dadada
I won't leave alone tonight

I've been on a vibe babe
Breaking out of my cage
Living on the wildness of my escape
Things get so dramatic
We've been through the traffic
Of all the hearts that never break for me

And you say you're one of a kind
So come on and blow my mind
I've been waiting all this time
So don't let me down

Chase it
I'll never chase it
I won't leave alone tonight
Chase it
Cuz I'll never chase it
I won't leave alone tonight

Hm dadada dadada
Hm hm dadada dadada
Hm hm dadada dadada
Hm hm dadada
I won't leave alone tonight

Hm dadada dadada
Hm hm dadada dadada
Hm hm dadada dadada
Hm hm dadada
I won't leave alone tonight

I'll never chase it
I'll never chase it

I'll never, chase it
I'll never
I won't leave alone tonight
