

Bebe Rexha, I'm Gonna Show You Crazy

There's a war inside my head
Sometimes I wish that I was dead, I'm broken
So I call this therapist
And she said, "Girl, you can't be fixed, just take this."

I'm tired of trying to be normal
I'm always over-thinking
I'm driving myself crazy
So what if I'm fucking crazy?

And I don't need your quick fix
I don't want your prescriptions
Just 'cause you say I'm crazy
So what if I'm fucking crazy?
Yeah, I'm gonna show you

Loco, maniac, sick bitch, psychopath,
Yeah, I'm gonna show you
I'm gonna show you,
Yeah, I'm gonna show you
Mental out my brain, bad shit go insane,
Yeah, I'm gonna show you
I'm gonna show you
Yeah, I'm gonna show you

I've been searching city streets
Trying to find the missing piece like you said
And I say child don't need to find
There's not a single thing that's wrong with my mind

Yeah, I'm tired of tryna be normal
I'm always over-thinking
Driving myself crazy
So what if I'm fucking crazy?

And I don't need your quick fix
I don't want your prescriptions
Just 'cause you say I'm crazy
So what if I'm fucking crazy?

I'm gonna show you

Loco, maniac, sick bitch, psychopath,
Yeah, I'm gonna show you
I'm gonna show you,
Yeah, I'm gonna show you
Mental out my brain, bad shit go insane,
Yeah, I'm gonna show you
I'm gonna show you
I'm gonna show you

Crazy, crazy, I'm gonna show you...
Crazy, crazy, I'm gonna show you...
Crazy, crazy...

Tired of tryna be normal
I'm driving myself crazy

And I don't need your quick fix
I don't want your prescriptions
Just 'cause you say I'm crazy
So what if I'm fucking crazy?!

Yeah, I'm gonna show you

Loco, maniac, sick bitch, psychopath,
Yeah, I'm gonna show you
I'm gonna show you,
Yeah, I'm gonna show you
Mental out my brain, bad shit go insane,
Yeah, I'm gonna show you
I'm gonna show you
Yeah, I'm gonna show you
