Bebe Rexha, I'm Gonna Show You Crazy

There's a war inside my head Sometimes I wish that I was dead, I'm broken So I call this therapist And she said, "Girl, you can't be fixed, just take this."

I'm tired of trying to be normal I'm always over-thinking I'm driving myself crazy So what if I'm fucking crazy?

And I don't need your quick fix I don't want your prescriptions Just 'cause you say I'm crazy So what if I'm fucking crazy? Yeah, I'm gonna show you

Loco, maniac, sick bitch, psychopath, Yeah, I'm gonna show you I'm gonna show you, Yeah, I'm gonna show you Mental out my brain, bad shit go insane, Yeah, I'm gonna show you I'm gonna show you Yeah, I'm gonna show you

I've been searching city streets Trying to find the missing piece like you said And I say child don't need to find There's not a single thing that's wrong with my mind

Yeah, I'm tired of tryna be normal I'm always over-thinking Driving myself crazy So what if I'm fucking crazy?

And I don't need your quick fix I don't want your prescriptions Just 'cause you say I'm crazy So what if I'm fucking crazy?

I'm gonna show you

Loco, maniac, sick bitch, psychopath, Yeah, I'm gonna show you I'm gonna show you, Yeah, I'm gonna show you Mental out my brain, bad shit go insane, Yeah, I'm gonna show you I'm gonna show you I'm gonna show you
