

# Bebe Rexha, I'm The Drama

There's a whisper  
In the night  
Oh and it calls my name  
Oh and it calls my name

There's a silence  
Only I  
I was born to break  
I was born to break

I'm the drama  
I'm the face  
I make heads turn in this place  
And they lining up  
And they lining up  
And they lining up for a taste

I'm the drums and  
I'm the bass  
A goddamn filthy disgrace  
And they lining up  
And they lining up  
And they lining up for a taste

I'm the drama (6x)  
They lining up for a taste  
I'm the drama (6x)  
They lining up for a taste

When I walk in  
Feel your eyes  
Oh and they call my name  
Oh and they call my name

There's a silence  
Only I  
I was born to break  
I was born to break

I'm the drama  
I'm the face  
I make heads turn in this place  
And they lining up  
And they lining up  
And they lining up for a taste

I'm the drums and  
I'm the bass  
A goddamn filthy disgrace  
And they lining up  
And they lining up  
And they lining up for a taste

I'm the drama (6x)  
They lining up for a taste  
I'm the drama (6x)  
They lining up for a taste
