

Bebe Rexha, Let's Fake Love

[Verse 1]

I push, you pull, oh, we are getting nowhere
I stop, you go, we lost our love somewhere
We argue, we fight, we throw our words like knives
Living a lie, I feel so empty inside

[Chorus]

I don't wanna fight, no, I don't wanna fight
I don't wanna fight, so let's fake love tonight
I don't wanna fight, no, I don't wanna fight
I don't wanna fight, so let's fake love, let's fake love tonight

[Bridge]

It's like, ooh, baby, ah ooh, babe
Ooh, baby, ah ooh
Ooh, baby, ah ooh, babe
Tonight, I feel so amazing

[Chorus]

I don't wanna fight, no, I don't wanna fight
I don't wanna fight, so let's fake love tonight
I don't wanna fight, no, I don't wanna fight
I don't wanna fight, so let's fake love, let's fake love tonight

[Outro]

Fake love, let's fake love
So let's fake love, let's fake love
Fake love, let's fake love
So let's fake love, let's fake love tonight, tonight, tonight, tonight
So let's fake love, let's fake love tonight, tonight, tonight, tonight
Tonight, tonight, tonight, tonight
Ooh, baby, ah ooh, babe
