

Bebe Rexha, Like A Baby

[Verse 1]

Heard you got a new chick
New chick you're fucking with
Is she layin' her head on the bed where you said I was the realest?
Is she ridin' in my old whip?
Sleeping in my old crib?
Yeah, she can have my sloppy seconds
I got a whole lotta new shit

[Pre-Chorus]

No, she will never do it like the way I did it right
She will never hold you like the way I did at night
I won't even sweat it, baby, I won't waste my time
No, I
No, I

[Chorus]

I won't lose sleep
Don't need to count sheep
I'll be dreaming good in these thousand-count sheets
I know you're gon' creep
Wondering where I'll be
Ever since you're gone, I've been catching straight Zs

[Post-Chorus]

No, I won't lose sleep over you
Sleep over you
Sleep over you
Sleep
No, I won't lose sleep over you
Sleep over you
Ever since you're gone
I've been sleeping like a bay-bay-baby
Baby
Ever since you're gone
I've been sleeping like a bay-bay-baby
Baby
Baby
Oh, baby

[Verse 2]

Do you ever wonder who I'm laying under?
Does it keep you up at night thinking 'bout me and another?
Yeah, post another pic now
See you give a shit now
Cause boy I know in time, that smile will turn upside down

[Pre-Chorus]

No, she will never do it like the way I did it right
She will never hold you like the way I did at night
I won't even sweat it, baby, I won't waste my time
No, I
No, I

[Chorus]

I won't lose sleep
Don't need to count sheep
I'll be dreaming good in these thousand-count sheets
I know you're gon' creep
Wondering where I'll be
Ever since you're gone, I've been catching straight Zs

[Post-Chorus]

No, I won't lose sleep over you

Sleep over you
Sleep over you
Sleep
No, I won't lose sleep over you
Sleep over you
Ever since you're gone
I've been sleeping like a bay-bay-baby
Baby
Ever since you're gone
I've been sleeping like a bay-bay-baby
Baby
Baby
Oh, baby, baby

[Chorus]
No, I won't lose sleep
Don't need to count sheep
I'll be dreaming good in these thousand-count sheets
I know you're gon' creep
Wondering where I'll be
Oh, but ever since you're gone
Ever since you're gone

[Post-Chorus]
I won't lose sleep over you
Sleep over you
Sleep over you
Sleep
No, I won't lose sleep over you
Sleep over you
Ever since you're gone
I've been sleeping like a bay-bay-baby
Baby
Ever since you're gone
I've been sleeping like a bay-bay-baby
Baby
Baby
Oh, baby
