Bebe Rexha, Mine

[Verse 1]

Turn a boy into a man in just one night Now you wanna be my lover Like you've never seen in color Yeah, I get off when I see that you're in pain Want that high top or the mountain Dipping in the holy fountain

[Pre-Chorus]

You don't want love unless it's mine Now you want it all the time Yeah, you want me all out your mind

[Chorus]

You don't want love unless it's mine It don't feel right unless it's mine 24 hours, on your mind Now you want it all the time You don't want love unless it's mine It don't feel right unless it's mine 24 hours, on your mind Now you want it all the time You don't want love unless it's

[Verse 2]

Look at you, looking up, down on your knees Treading in the sacred waters Waiting 'til the high gets stronger Yeah, yeah, I'll keep you begging, begging, ooh I'm your fetish, ooh Come and get it, ooh

[Pre-Chorus]

You don't want love unless it's mine Now you want it all the time Yeah, you want me all on your mind

[Chorus]

You don't want love unless it's mine It don't feel right unless it's mine 24 hours, on your mind Now you want it all the time You don't want love unless it's mine It don't feel right unless it's mine 24 hours, on your mind Now you want it all the time You don't want love unless it's mine

[Bridge]

I'll keep you begging, begging, ooh I'm your fetish, ooh Come and get it, ooh

[Chorus]

You don't want love unless it's mine It don't feel right unless it's mine 24 hours, on your mind Now you want it all the time You don't want love unless it's mine It don't feel right unless it's mine 24 hours, on your mind Now you want it all the time You don't want love unless it's mine
