

Bebe Rexha, Sacrifice

I'ma need those eyes
Focusin' on me
Middle of the night
I am the only star you see
I am need those hands
Running over me
Cause i ain't the type to let you go easy

So say goodnye to every other girl
In the night behind you
Now you're mine
Tell me waht you willin' to sacrife

Sacrife
When it comes to me
Don;t want no compromise
This should be the only body on your mind
Whan it comes to me
I am down for life
So tell me, would you sacrifice?

Tell me, would you sacrifice?
Tell me, would you sacrifice?

Wanna be the air ewverything you breathe
Runnin' through your veins
And the spaces in between
I wanna feel your heart every time it bleeds
Livin' in your brain
There's only room for me

So say goodnye to every other girl
In the night behind you
Now you're mine
Tell me waht you willin' to sacrife

Sacrife
When it comes to me
Don;t want no compromise
This should be the only body on your mind
Whan it comes to me
I am down for life
So tell me, would you sacrifice?

Tell me, would you sacrifice?
Tell me, would you sacrifice?

Sacrifice your body to the rhythm of mine
The rhythm, the rhythm of mine
Sacrifice your body to the rhythm of mine
The rhythm, the rhythm of mine
Sacrifice your body to the rhythm of mine
The rhythm, the rhythm of mine
Sacrifice your body to the rhythm of mine
The rhythm, the rhythm of mine
Sacrifice your body to the rhythm of mine
The rhythm, the rhythm of mine
