

# Bebe Rexha, Starlight

All we need is love, more than ever, more than ever darling  
Just the two of us, cause when we're together  
I start to believe in forever  
All we need is love, more than ever, more than ever darling  
Just the two of us, cause when we're together  
It's like we're the greatest treasure

Starlights, look at us shine  
Could you be mine, could you be mine?  
White lights, watching the skies  
Could you be mine, could you be mine?  
Don't go wasting your time, don't go losing your mind  
Starlights, look at us shine  
Could you be mine, could you be mine?

Could you be mine?  
Could you be mine?

Plus we play pretend you're giving me something  
From pockets full of nothing  
Give my heart a break, I'm only human  
Don't wanna be left in ruins  
Plus we play pretend you're giving me something  
From pockets full of nothing  
We're burning oh so bright  
When you're here with me, we fill the sun with envy

Starlights, look at us shine  
Could you be mine, could you be mine?  
White lights, watching the skies  
Could you be mine, could you be mine?  
Don't go wasting your time, don't go losing your mind  
Starlights, look at us shine  
Could you be mine, could you be mine?

Could you be mine?  
Could you be mine?  
Could you be mine?

Don't, don't, don't let it fall  
You know, you know, you know that you should be mine  
Don't go, don't go, don't go living a lie  
You know, you know, you know that you should be mine

Starlights, look at us shine  
Could you be mine, could you be mine?  
White lights, watching the skies  
Could you be mine, could you be mine?  
Don't go wasting your time, don't go losing your mind  
Starlights, look at us shine  
Could you be mine, could you be mine?

Could you be mine?  
Could you be mine?  
Could you be mine?

Don't, don't, don't let it fall  
You know, you know, you know that you should be mine  
Don't go, don't go, don't go living a lie  
You know, you know, you know that you should be mine

Starlights, look at us shine  
Could you be mine, could you be mine?  
White lights, watching the skies

Could you be mine, could you be mine?
