

# Bebo Norman, Holy Is Your Name

Now I praise You, Lord of all creation  
You ordain the sun to rise and fall  
You scatter the stars across the heavens  
And You come close enough to hear me call

Now I want to say

Holy is Your name

Let all creation proclaim

Holy is Your name

Your love is the shelter over my soul

And You fill me with the wonder of a child

You will heal the humble and the broken

Mercy flows like a river running wild

Now I want to say

Holy is Your name

Let all creation proclaim

Holy is Your name

Holy is Your name

On the highest mountain

I will lift my heart to the sky

From the lowest valley

Hear my cry

Now I want to say

Holy is Your name

Let all creation proclaim

Holy is Your name

Holy is Your name

Holy is Your name

Now I want to say

(On the highest mountain)

Holy is Your name

(I will lift my heart to the sky)

Let all creation proclaim

(From the lowest valley)

Holy is Your name

Holy is Your name

Holy is Your name

Holy is Your name
