

Bebo Norman, Our Mystery

Feels like a brand-new day
And I know I'm not the same
Cuz I see you
And I need you
And I know I couldn't leave you if I tried
To walk away

Your love won't bring me down

I'm living that long, long life
And I will not let you go
It's taken a long, long time
To get here
It could be a long, long life
But I will not let you go
Cuz love will be
Our mystery

So let's leave this world behind
And see what we can find
Cuz I don't need it
But believe it
And I know I couldn't keep it if I tried
Cuz you changed my mind

Your love don't bring me down

I'm living that long, long life
And I will not let you go
It's taken a long, long time
To get here
It could be a long, long life
But I will not let you go
Cuz love will be
Our mystery

Our mystery
Our mystery
We won't be alone

I'm living that long, long life
And I will not let you go
It's taken a long, long time
To get here
It could be a long, long life
But I will not let you go
Cuz love will be
Our mystery

Our mystery
