

# Bebo Norman, Our Mystery

Feels like a brand-new day  
And I know I'm not the same  
Cuz I see you  
And I need you  
And I know I couldn't leave you if I tried  
To walk away

Your love won't bring me down

I'm living that long, long life  
And I will not let you go  
It's taken a long, long time  
To get here  
It could be a long, long life  
But I will not let you go  
Cuz love will be  
Our mystery

So let's leave this world behind  
And see what we can find  
Cuz I don't need it  
But believe it  
And I know I couldn't keep it if I tried  
Cuz you changed my mind

Your love don't bring me down

I'm living that long, long life  
And I will not let you go  
It's taken a long, long time  
To get here  
It could be a long, long life  
But I will not let you go  
Cuz love will be  
Our mystery

Our mystery  
Our mystery  
We won't be alone

I'm living that long, long life  
And I will not let you go  
It's taken a long, long time  
To get here  
It could be a long, long life  
But I will not let you go  
Cuz love will be  
Our mystery
