

Beck, 50' Wisdom

Come on let me talk to you
I've got a feeling in my head

Oh, come on let me walk to you
I've got a feeling in my head, in my mind

Is there any way? Is there any how?
Is there any word that John says?
All I want is true
There is only wonder wall

Bleeding
Turn on the light to find my needle
Bleeding
Don't have to be american heroes
Bleeding
Rock'n'roll belongs to swindles now
How could I? How could I?
