

# Beck, Broken Drum [Boards Of Canada Remix]

I see you there  
Long black hair  
Your eyes just stare  
Your mind is turning  
You know I'll laugh  
I won't take it back  
I've seen your eyes  
I know what your thinking  
One by one  
We'll shoot our guns  
We'll have fun  
Don't ever doubt it  
And when I say  
"Fare thee well,  
My only friend"  
Oh, how the days go  
Oh, how the days go  
Your setting sun  
Your broken drum  
Your little drugs  
Never forget you  
Never forget you  
Never forget you
