Cut In Half Blues (version 2)

Some folks get their kicks steppin on ants

Some folks fall for love and romance

Some like to roll in the mud and laugh

My baby just likes to cut people in half

I got the cut in half blues

Yeah the cut in half blues

Well the last thing i saw was a big long saw

I got the cut in half blues.

Well i thought i heard a chainsaw

Revvng up late one night

Woke the next morning cut in two

And i knew that i was right

I got the cut in half blues

Yeah the cut in half blues

Well the last thing i saw was a big long saw

I got the cut in half blues

(harp solo)

I knew we were in trouble

And i knew we...she lost her head

When she started bringing all those

Power tools to bed.

I got the cut in half blues

Yeah the cut in half blues

Well the last thing i saw was the big long saw

I got the cut in half blues
