

# Beck, Deep Fried Love

talking

Dunk my heart in a vat of lard,  
it's getting all crispy and it's gettin' all hard  
Deep fried love, come on give me the grease  
Shove that hamburger down your throat,  
Pass the ketchup, I can, I won't, I don't.

Life is short, can I have it to go?  
If it's not in the TV Guide then I don't know.  
Buy buy buy a lot of junk to fill up the time.  
Shove that chicken wing down your throat,  
Pass the bucket, i can, I won't, I don't.

Shove that hamburger down your throat,  
Pass the ketchup, I can, I won't, I don't
