

Beck, Rental Car

Hey now girl what's the matter with me
We're on a back road something to see
Straight as a razor kickin the dust
Diggin thru ditches and fallin to rust

Takin me far
Far as a rental car can go

Hey now girl at the end of the road
Down where the reaper is walkin alone
Singing a death knell
Clappin along
At the end of the night
There's a road we'll be on

Takin me far,
Far as a rental car can go
