

# Beck, Slip Out (Little More Than Before)

I don't know since when I changed to such a cold-hearted guy  
I have to warm this frozen, icy, lonely heart to thaw  
I like being wrapped with warmth more than anything else for sure  
I'm gonna make my coming days to be filled with laughter and joy

I let myself down that I'm more cruel than I thought I would be  
I'm just a loser who ends up by caring for my soul  
I don't give my heart to no one cause I don't wanna waste my time  
I tried to love this loneliness to slip out of this lonesome hole

(Chorus)

Sorrow is what I hate but it's grown my sensations  
Regrets taught me how to make any hard decisions  
Peace is always by my side but I've never felt it once  
Love is not the word only for the sweet romance

Well, I'm scared, scared, scared, scared to death  
And I'm scared to keep on going on my way  
Well, I'm scared, scared, scared, scared to death  
And I'll tell myself I'm special till the end

Recalling my torn, broken, aching heart of these long days  
And all the memories I wanted to forget for making leaps  
Recalling, breaking, aching, crying, making sure to me  
And I take all and grin at my future on the way

(Chorus)

I don't give my heart to no one cause I don't wanna waste my time  
I tried to love this loneliness to slip out of this lonesome hole
