Beck, Tough Fuckin' Shit

Last night I was drinking up and tripping too
Hanging out in every bar on the street
Fuckin' round with sluts and whores is nothin' new
So don't fuck with us 'cause we're gonna fuck with you
'Cause we're just slobs living like Scumfuc county trash
And if we piss you off, tough fucking shit

I can't get a job 'cause I'm ugly and no good
All my clothes smell like shit and piss
The law is on my ass, I'm on their list
And I like to cut myself up with broken glass
Yea we're just slobs living like Scumfuc county trash
And if we piss you off, tough fucking shit

I hate my family, they can all go suck my ass
Everybody hates my guts and they want to kill me
I steal from you what I, what I want
My revenge is my reality
Yea we're just slobs living like Scumfuc county trash
And if we piss you off, tough fucking shit

We're just slobs living like Scumfuc county trash
And if we piss you off, tough fucking shit
