

# Becky G, The Fire Inside

Oh, oh, you got places to go  
You're not going there slow  
Oh, no, no, no, no, no  
They will tell you you're crazy  
They will call you a fool  
They will think they can stop you  
But there's no stopping you

They can't put out what you got inside you  
No way to put out that flame

Nothing can hold you back  
No one can kill your vibe  
When you got the fire inside (That's right)  
When you got the fire inside  
Oh, you're gonna own this life (That's right)  
'Cause you got the fire inside  
'Cause you got the fire, you got the fire

Oh, the fire  
Oh, the fire  
'Cause you got the fire inside  
'Cause you got the fire inside

Yeah, gonna do it your way  
Gonna change up the game  
You got no time to waste  
No makin' no excuses (Nah)  
You out here makin' moves  
You were made for the hustle  
Born to break the rules

They can't put out what you got inside, you  
No way, they'll never stop you

Nothing can hold you back  
No one can kill your vibe  
When you got the fire inside (That's right)  
When you got the fire inside  
Oh, you're gonna own this life (That's right)  
'Cause you got the fire inside  
'Cause you got the fire, you got the fire

Oh, the fire  
Oh, the fire  
'Cause you got the fire inside  
'Cause you got the fire inside

Oh, so let them all laugh  
You'll have the last laugh, oh

They can't put out what you got inside you  
No way to put out that flame

Nothing can hold you back  
No one can kill your vibe  
When you got the fire inside  
When you got the fire inside  
Oh, you're gonna own this life  
'Cause you got the fire inside  
'Cause you got the fire, you got the fire

Oh, the fire  
Oh, the fire

'Cause you got the fire inside  
'Cause you got the fire inside  
Oh, the fire  
Oh, the fire  
'Cause you got the fire inside  
'Cause you got the fire inside

You
