

# Becky Hill, Run (feat. Galantis)

The story's the same, never changed, we've been here before  
Yeah we tried to be friends but it ends up being much more  
We get insecure, build up walls,  
Then we play  
Pretend we don't care  
No it doesn't feel right  
When we fight  
It gets us nowhere  
But we're too scared

So we run and we run and we run  
Further away from love  
Look at what we've become  
Yeah we run and run and run and we run  
Losing the air in our lungs  
What do we do about us  
We don't wanna fall out of love again love again  
Too afraid of another chance  
So we run and run and run and we run  
Further away from love  
What do we do about us

Mile after mile  
Getting tired of feeling this way  
Is it worth all the while  
Can we find something to say  
Baby i can reassure, break your walls,  
We can just admit that we care  
Cos it doesn't feel right  
When we fight  
It gets us nowhere  
But we're too scared

So we run and we run and we run  
Further away from love  
Look at what we've become  
Yeah we run and run and run and we run  
Losing the air in our lungs  
What do we do about us  
We don't wanna fall out of love again love again  
Too afraid of another chance  
So we run and run and run and we run  
Further away from love  
What do we do about us
