

Bed & Breakfast, Don't Turn Away

Now you packed your suitcase
You're standing at the door
And I won't ask for more
I'm so close to crying out
It's a shame how all this has ended
I'm sure - I want you to stay, baby
Don't go-o - no, why don't we
Try to make a new start?
Don't turn away
And just remember the days
When we were something special together
Don't turn away
I just want you to sta-ay
Can't let you go
You're too special, baby
Now you're calling a taxi
Outside the pouring rain
All I'm saying is in vain
I can't find a way our, baby
Why won't you give us a break
I'm sure - I want you to stay, baby
Don't go-o - I would risk all
To give a chance
Don't turn away
And just remember the days
