

Bed & Breakfast, No More Good-Byes

No more Good-byes
No time to cry
Tears will go by - no Good-byes
No more Good-byes
Maybe in time
You will come back to me - maybe in time
Every day blue - keep thinking of you
I walk the streets at night
All "I loves you's" I have to forget
My heart won't let them go
Dreams will never die
Dreams will never die
I don't know for sure
If I loved you more
But time will heal the pain
No more Good-byes...
So many nights and pain deep inside
I cried myself to sleep
So many days since you went away
In my heart an empty space
Dreams will never die
Dreams will never die
I don't know for sure...
No more Good-byes...
