

# Bedouin Soundclash, Midnight Rockers

In the city comes a cross town transfer  
From the ghetto on the backs of the Stilettos  
As scenester kids look for new school shockers  
on the horizon comes a midnight rocker

... and you're a midnight rocker  
Then get yourself together

In the city its a monsoon weather  
Through the rain i hear the calls of selctors  
Deep in the ciry high above these wallas  
Through the rain i can hear those calls

... Get yourself together...
