

Bedouin Soundclash, Music My Rock

Down on the road, a shadow will fall,
The crowd moves it aside to the pressure and slide
Put down your roots and your rhythm in drive
Valley to mountain top this rhythm never stop

Chorus:

Weve got the roots
Music my rock
In the storm that life blows
Its the anchor that holds
Play me some roots
Music my rock
In the storm that life blows
Its the shelter I know
Yeah

Play I some music, radio
Something to go low
And bend in my soul
Play I some music, stereo
Something to go low
And bend in my soul

Chorus:

Play I some roots,
Music my rock
In the storm that life blows
Its the anchor that holds
Play me some roots
Music my rock
In the storm that life blows
Its the shelter I know
Yeah

My only woman was a shadow and bone
Come into my house
Leave me alone
But in the morning brick by brick I have grown
And forget the court house
Broke with the stones throw
Yeah

Chorus:

Weve got the roots
Music my rock
In the storm that life blows
Its the anchor that holds
Play me some roots
Music my rock
In the storm that life blows
Its the shelter I know
Yeah

Weve got the roots
Music my rock
In the storm that life blows
Its the anchor that holds
Play me some roots
Music my rock
In the storm that life blows
Its the shelter I know
Yeah
