

# Bee Gees, And I'll Be Happy

I am such a lonely boy looking for someone to love  
And when I find someone to love  
I'll be happy

You are such a lonely girl looking for a lonely boy  
So won't you fill this heart with joy  
And I'll be happy too

I'd like to give my heart a chance for romance for two  
I'd like to give my heart away  
Let me stay by you (stay by you )

And then I'll be a happy boy  
And I'll have someone to love  
And my love is ev'rywhere

'cause I'll be happy too

(break)

I'd like to give my heart a chance for romance for two  
I'd like to give my heart away  
Let me stay by you (stay by you)

And then I'll be a happy boy  
'cause I'll have someone to love  
And my love is ev'rywhere  
I'll be happy too  
I'll be happy too  
I'll be happy too
