

Bee Gees, Another Cold And Windy Day

Another cold and windy day
The birds are homing, to come to stay
And as i feel my mind is turning
And think of times when i were glad

I open up some Coke and smile
And then my minds free for a while

Things go better with Coca-Cola
Things go better with Coke

Repeat and Fade

Voice Over:
The Bee Gees reminding you
that Coke has that taste
yo'll never get tired of
