

# Bee Gees, Danger

Hey there woman , I came to california  
To find a dream , I found you girl  
Hey there baby , you pointed my direction  
With tender love ,changed my world  
I've been reachin' for love so long  
I've just a holiday , yeah , to have you here  
I've been running down avenues  
So filled with solitude and restless fears

Danger , slow down , hauntin' me  
Your love , turnin' me round , rescued me  
Danger , warnin' , I've seen the signs  
Oh , oh , oh , here I go , this heart of mine

I set sail on a rainy day  
Steerin' my way through a cloudy sky  
In this heaven my dreams are never ending  
They're sending me through space and time  
You're the center of all my inspiration

It's a wonderland , it's so divine  
I can't escape from this energy  
You put a spell on me yeah , no turnin' 'round  
Power of love has no gravity  
It's got a hold on me , I'm paralyzed

Danger , slow down , hauntin' me  
Your love , turnin' me 'round , rescued me  
Distant dreams of yesterday ,  
When I was down and far away  
You promise me love ,but I'm scared of losin'  
What I got , what I got today

Danger , slow down , hauntin' me  
Your love turnin' me 'round , rescued me  
Danger , warnin' , I've seen the signs  
Oh, oh ,oh , here I go , this heart of mine

Danger , slow down .... (fade)
