

# Bee Gees, Don't Say Goodbye

Please believe me , I will never be untrue  
And don't believe the jealous lies they told to you  
Oh no , don't go , don't make this poor boy cry  
I'll be true , I beg of you , don't say goodbye

Now don't you know I love you more than I can say  
And it would mean my life if you should run away  
Oh no , don't go , don't make this poor boy cry  
I'll be true , I beg of you , don't say goodbye

You just won't listen to my pleas  
You want me beggin' on my knees

So sit right down and listen while I beg , you see  
I'll never be untrue , so please believe in me  
Oh no , don't go , don't make this poor boy cry  
I'll be true , I beg of you , don't say goodbye  
I'll be true , I beg of you , don't say goodbye
