

# Bee Gees, I'd Like To Leave If I May

How can I meet other girls when you won't let me go  
My heart's still in a whirl and gee I feel so low  
I don't know why I feel this way  
I'd like to leave if I may

I can't go to play ,you have got a hold on me  
You make me work all day  
Why don't you set me free  
You're on my mind almost all hours of the day  
I'd like to leave if I may

It's plain to see that I don't need ya anymore  
Why don't you stay beside , and let me through the door  
I know that in my life I've made one big mistake

You'll only hurt me more if we don't make the break  
I'm telling you , so hear what I say  
I'd like to leave if I may

It's plain to see that I don't need ya anymore  
Why don't you stay beside , and let me through the door  
I know that in my life I've made one big mistake  
You'll only hurt me more if we don't make the break  
I'm telling you , so hear what I say  
I'd like to leave if I may

I'd like to leave if i  
Won't you let me leave if i  
I'd like to leave if I may , if I may
