

Bee Gees, Lady

I'll be so lonely without you
Biding my time, loving you, lady
Driving me crazy
Watching the trains go by
Loving you , lady
You ain't seen the last of me
I'll be around till eternity
You ain't seen the last of me
Lady, I'll be around till eternity for you

No use in calling me back , girl, I've got to go
Look from your window , watch as your loves grow
Wondering if I'll be home , watch as your loves grow
You ain't seen the last of me
I'll be around till eternity
You ain't seen the last of me

Lady, I'll be around till eternity for you

(break)

I'll be so lonely without you
Biding my time , loving you ,lady
Driving me crazy
Watching the trains go by , loving you , lady
You ain't seen the last of me
I'll be around till eternity
You ain't seen the last of me
Lady , I'll be around till eternity

You ain't seen the last of me
I'll be around till eternity
(repeat and fade out)
