

Bee Gees, Long Life

Baby , you told me your life is wrong
And there's no sense in seeing it through
But I've got my eyes open all the time
And I've been waiting for you

Don't try to tell me it's over
You can't believe it yourself
Just put your hand on my shoulder
And dry all your tears, take your heart off the shelf
'cause it's a long life and well worth the living
You still got your heart and it's well worth the giving
Give yourself to me
Just you and me

I'm just a guy from outside your world
And there's no words that I can say
But I've got a feeling that you're the girl
To take all my love and just run away

Don't try to tell me it's over
You can't believe it yourself

Just put your hand on my shoulder
And dry all your tears , take your heart off the shelf
'cause it's a long life and well worth the living
You still got your heart and it's well worth the giving
Give yourself to me
Just you and me

(break)

Don't try to tell me it's over
You can't believe it yourself
Just put your hand on my shoulder
And dry all your tears, take your heart off the shelf
'cause it's a long life and well worth the living
You still got your heart and it's well worth the giving
Give yourself to me
Just you and me

'cause it's a long life and well worth the living
A long life and well worth the living
It's a long life
