

# Bee Gees, More & More

Have I ever been here before  
I remember hearing your name , sir  
If my conversation lacks discretion  
It's the same old foolish game  
Did I ever give you my key  
Did you ever walk through my door , sir  
You may not be one of my possessions  
But I need you more and more

I finally acquired what other people live on  
I always took what I could find  
But on that lucky night  
I found me loving you  
And the best thing you can do  
Is to fall in love with

I can feel the glow when we kiss

I don't have the strength to resist you  
You must have lit a fire in my heart  
'cos I need you more and more

I'm resting in your arms  
And dancing in the moonlight  
My emotions are on display  
And if I don't see your face  
Or feel you in my fingers  
I would have to try  
To get by with someone like

You relax while I make you warm  
And into your trap I will fall , sir  
I gave my last position  
On the chance to see you more  
To love you more and more and more
